Discussed 3rd training

- Recap of previous two cohorts and the training plan.
- Discussed the secondary trauma will probably be the main topic.
- Discussed the possibility of Dr. Maldonado giving a training half of the day and Suzie and Shelley doing the training the other half.
- Since Dr. Maldonado will be part of the training, we would open it up to the community. Cohort members would attend free and community members would pay a registration fee to cover the cost of the CEU's. We would not provide lunch for those members.
- Shelley will contact him to get possible dates and cost.
- Emily will research possible rooms.

First cohort preliminary numbers are in and they are not that great. They are struggling to get referrals. Project Launch is discussing how to get the cohort members more involved and their name out in the community so they can receive those referrals.

Discussed different names of in-state experts.

Reviewed our Mental Health Consultation and the Michigan's endorsement requirements to make sure our Mental Health Consultation does not contradict Michigan's requirements. We decided to ask Patsy Carter to come to a future meeting to discuss the status and a few changes.

Next meeting: November 30 2015 at 10am. This will be a face to face meeting..
