

What is the Ticket to Work Health Assurance (TWH) program?

The TWH program helps employed people with disabilities get MO HealthNet (Medicaid) coverage to help pay for doctor visits and other medical care.

TWH uses income rules that allow disabled workers to qualify for coverage even if their earnings put them above the usual MO HealthNet income limit.

What medical bills are covered by MO HealthNet?

MO HealthNet (Medicaid in Missouri) pays for medical care such as:

- Prescription medicines
- Hospital services, including emergency department
- Services from a lab or other tests
- Dental and eye care services
- Private-duty nursing services you get in your home
- Certain care services in your home
- Certain medically-related day health care or adult day treatment
- Durable medical equipment, such as oxygen, wheelchair, crutches, walker or nebulizer, if medically necessary
- Prosthetic devices, hearing aids, and eyeglasses

Reporting responsibility

You must report any changes in circumstances within 10 days of when they happen, no matter what causes the change. You have a continuing obligation to report and cannot wait until you are contacted. Who can qualify for the TWHHA program?

The TWHHA program is for people with disabilities who work.
Use this checklist to see if you might qualify:

Questions about you

1. Are you permanently and totally disabled? ☐ Yes ☐ No
2. Are you 16–64 years old? ☐ Yes ☐ No
3. Are you employed, either for yourself or others? ☐ Yes ☐ No
4. Do you live in Missouri and plan to stay? ☐ Yes ☐ No

Questions about the things you own and money you earn

Note: We will ask you questions about the things listed here:

5. What is the total amount of your resources (include your spouse if you live together). Total Amount of Resources \$

Resources are things you own, such as bank accounts, stocks, bonds, and some life insurance. Your home, 1 vehicle (car, truck), and certain savings accounts are exempt, meaning you don't include them as resources.

6. What is your household's gross monthly income (include your spouse if you live together)? Gross Monthly Income \$

Gross monthly income is the amount you receive monthly from job wages, plus payments from things like Veteran's benefits, pensions, and Social Security.

7. What is your household's net monthly income (include your spouse if you live together)? Gross Monthly Income \$

Net monthly income, for the TWHHA program, means your gross monthly income **minus these monthly amounts**:

- Your earned income (the money you earn from working)
- An amount equal to $\frac{1}{2}$ of your earned income, to account for work expenses related to your disability
- Part of your non-disabled spouse's earned income: the first \$65 plus $\frac{1}{2}$ of the rest
- All health insurance premiums you and your spouse pay, plus \$75 of any premiums you pay for your own vision and dental insurance
- All Supplemental Security Income (SSI) you and your spouse receive, plus \$50 of your own Social Security Disability Insurance (SSDI)
- \$20

If you answered "Yes" for all 4 checklist questions and your resources and income fall within program guidelines, you may qualify. (Find guidelines online at: on.mo.gov/ticket2work)
