NOTE: For Temporary Assistance, count the 30th day using the day of application as day one. This includes when the application is taken in February.

When the 30th day falls on a weekend or holiday, the application is due the working day prior to the weekend or holiday.

If the application cannot be completed promptly due to an extreme circumstance the eligibility specialist must record the reason for delay on the Eligibility Unit Member Role (EUMEMROL or FM3Z) screen and enter the appropriate delay code in the Delay Code field on the Application Request (FM0G or REQUEST) screen in FAMIS.
