AUDIT FINDINGS

NARRATIVE

Lewis & Clark Hall was audited on June 8 - 10, 2015 by DOJ PREA Auditor Kevin Maurer assisted by DOJ PREA Auditor Bobbi Pohlman-Rodgers. Prior to the on-site audit, a review of all pre-audit documents was completed. During the initial audit meeting, Audry Helfrich, Assistant Regional Administrator, Carlos Newberry, Assistant Regional Administrator, and LaTonji Wilson, Youth Facility Manager, were present. A facility tour was conducted, which included all buildings, rooms, and grounds of the program's facility. During the tour, it was noted that the Notice of PREA Audit and other PREA related materials were posted in several locations.

Interviewees were identified from a list of staff and residents. The interviewees included 10 residents and 4 random staff. Additionally, 7 Specialized Staff interviews were completed. In the past 12 months, there were no reported allegations of sexual abuse or sexual harassment. Additionally, there are no residents who identified with being LGBTI.

It should be noted that the staff of Division of Youth Services (DYS) and Lewis & Clark Hall were very well prepared and organized for the on-site audit, and all pre-audit materials were in order and well highlighted. This shows the dedication and concern for the PREA program from both an agency as well as a program level.

DESCRIPTION OF FACILITY CHARACTERISTICS

Lewis & Clark Hall is an 11 bed moderate level care facility located on the Missouri Hills Campus in Fort Bellefontaine Park in St. Louis, MO. The facility has one group of male youth that have been determined to be at risk. They have been committed to the care and custody of the Division of Youth Services through the juvenile court system. Lewis & Clark serves youth from the four counties in the St. Louis Region.

Treatment in the facility is varied and includes individualized, group, educational, medical, and psychosocial, along with other needs and topics specialized and individualized to meet the needs of each youth in care at the facility. Lewis & Clark Hall participates with outdoor based counseling and community service projects.

The facility environment is based upon maintaining safety, cleanliness, and organization at all times within a structured, positive, and supportive environment. Treatment goals and objectives are developed in the context of youth and family strengths and assets, are trauma informed, incorporate positive youth development principles within the framework of well-being including mastery, stability, safety, access to mainstream relevant resources, and social connections.

SUMMARY OF AUDIT FINDINGS On June 8 - 10, 2015, Lewis & Clark Hall had its on-site PREA Audit completed. The results of the audit indicate that the facility is in full compliance with PREA Standards, and a final report is being issued.

N/A - Lewis & Clark Hall does not contract with other entities for the confinement of residents.

Standard 115.313 Supervision and monitoring

	Exceeds Standard (substantially exceeds requirement of standard)
•	Meets Standard (substantial compliance; complies in all material ways with the standard for the relevant review period)
	Does Not Meet Standard (requires corrective action)

Auditor discussion, including the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

DYS Policy 9.6 outlines supervision and monitoring at the facility. It states that DYS shall ensure that its residential staffing and monitoring plans meets the requirements established in the PREA standard 115.313 which states that the facility shall maintain staff ratios of a minimum of 1:8 during resident waking hours and 1:16 during resident sleeping hours, except during limited and discrete exigent circumstances, which shall be fully documented. Lewis & Clark Hall maintains a waking hours ratio of 1:6 and a sleeping hours ratio of 1:12. The facility has initiated the practice of unannounced rounds with documentation in place. Interviews with staff confirm that unannounced rounds take place.

Standard 115.315 Limits to cross-gender viewing and searches

This discussion must also include corrective action recommendations where the facility does not meet standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

Lewis & Clark Hall allows for pat-down searches in exigent circumstances only. The facility does not conduct cross-gender strip searches, visual body cavity searches, or pat-down searches, even in exigent circumstances. DYS Policy 5.08 prohibits searching or physically examining a transgender or intersex resident for the sole purpose of determining the resident's genital status. This was confirmed during staff and youth interviews.

All toilets have doors, and all showers have double curtains. Male and female staff are subject to supervise in the dorm bathroom/shower areas. The staff do not view the youth unclothed but are able to see feet and heads and are required to remain in bathroom area providing awareness supervision. Both review of policies and interviews with staff and youth confirmed that staff do not view the youth unclothed. Female staff announce their presence when entering the dorm building. This was confirmed during staff and resident interviews.

Initial education is provided to the residents during the intake admission process. They are provided the "Safety First Packet" as well as a workbook that they complete answering questions about PREA information in the packet. Residents are also provided a PREA pamphlet which is available in English or Spanish. Additional written material is provided that describes the resident's right to be safe from sexual violence and information on the various ways they can report an allegation of sexual abuse or harassment or receive services. If the resident has limited reading skills, intake staff will read the written materials to them.

This PREA related information is reviewed in greater detail during group and individual counseling sessions shortly after they arrive at the facility.

Posters with the phone number for the PREA Hotline are displayed in the Administrative/Educational Building and Dorm buildings.

Interviews with residents confirmed that they understand the PREA education they received and the various ways to report a PREA related incident.

DYS Policy 9.18 mandates that any resident found in violation of the facility's zero tolerance policy against sexual abuse, assault, conduct, or harassment will be offered therapy counseling or other interventions designed to address and correct the underlining reasons for their conduct. It is possible that when a resident on resident sexual assault is substantiated, the perpetrator may be moved to a different facility. This may not involve a return to the juvenile court system, and therefore would not be a requirement to register as a sex offender. If new criminal charges were filed by the Juvenile Court for that county, the court would determine the requirement to register as a sex offender.
